

# NAVY MEDICINE

WORLD-CLASS CARE...ANYTIME, ANYWHERE

## U. S. NAVAL HOSPITAL NAPLES

U.S. Naval Hospital Naples, Italy is comprised of the main hospital, the Branch Health Clinic at Capodichino, and a Navy liaison detachment at Landstuhl Regional Medical Center, Landstuhl, Germany. It will transition to an outpatient clinic Oct. 1, 2018 offering comprehensive outpatient care, including same-day surgical services, and maternal care and birthing capabilities for women who are low risk and are expected to have uncomplicated births. The 500 plus staff members provide high quality, patient-centered care and support to approximately 9800 beneficiaries comprised of sixty-two U.S. Navy tenant commands, the USS Mount Whitney (LCC-20), and forces from the twenty-two nations that comprise the Allied Joint Forces Command, Naples, Italy.

### MISSION

We promote, protect, and restore the readiness, health, and well-being of those entrusted to us.

### VISION

To promote and strengthen the global ready force and be the best medical home away from home.

### GUIDING PRINCIPLES

HONOR our patients, our team, ourselves.

COURAGE to do what is right.

COMMITMENT to excellence and each other.

Capt. S. J. Blivin  
Commanding Officer

Capt. D. E. Stephens  
Executive Officer

Master Chief M. Coffey, USN  
Command Master Chief
